“White Lives Don’t Matter” or “The Unpopular Opinion of a Silent Majority”

“We little people just want to raise our families and be left alone by our ever-expanding draconian government.”

To the Reader

The Canadian Constitution Act of 1982 simply states in its preamble that “Canada is founded upon principles that recognize the supremacy of God and the rule of law” and commences in detailing the Canadian Charter of Rights and Freedoms which contains the basic rules about “natural persons” and “strawman entities,” such as the incorporated federal, and provincial and territorial governments in Canada. The Charter protects those basic rights and limited freedoms of a free and democratic country: For example, freedom of expression may be limited by laws against hate propaganda, namely degrading speech causing psychological injury or physical distress, or child pornography or propaganda advocating genocide. Everyone has freedom of conscience and religion, being guaranteed freedom of thought, belief, opinion and expression, including freedom of the press and other media of communication, and ensuring that every “natural person” and all “strawman entities” have equal standing and human dignity and are free to create and express their ideas. According to Section 319(1) of the Canadian Criminal Code it an offence to communicate expressions that bluntly malign in a public place or, by showing “willful blindness,” communicating statements other than in private conversation that publicly incite outright acts of violence and discrimination (i.e., hatred) against any identifiable group despite dissenting opinions.

“White Lives Don’t Matter” “The Unpopular Opinion of the Silent Majority”

In the last few months *anarchists* have been *rampant rioting, stores have been looted and buildings burned to the ground* in the name of the *cultic* movement “**BlackLivesMatter**”—and *people have been brutally beaten, many being injured and some killed by nihilist Antifa* ¹ *thugs and “hive-mind” rabble. Countless historical monuments have been vandalized, pulled down and otherwise destroyed by a mob of ignorant, misinformed savages... leftist “reverse racists” worse than the good folks they point their fingers at and name-call— unjustly labeling good and decent folk as “haters.”* These *atheist pinkos* have declared outright *war on tradition and familial values*. As in Plato’s ‘*Republic*,’ these *cultural Marxist-Leninists* prove *Socrates’s aphorism*—a critical opinion of liberalism: “the foolish leaders of Democracy, which is a charming form of government, full of variety and disorder, dispenses a sort of equality to equals and unequaled alike.”

Socrates found any government that did not conform to his presentation of *a perfect regime* led by philosophers short of ideal... notwithstanding, the *commie politick* being *promoted* by the *intolerant Black bigots and self-hating Whites* is far from that. *Plato* describes the “*democratic person*” as the *child of the “oligarchic soul”* (from Greek ὀλιγαρχία (oligarkhía); from ὀλίγος (oligos), meaning ‘few,’ and ἀρχω (arkho), meaning ‘to rule or to command’). Unlike the parent, *though*, the democratic person is consumed with *unnecessary desires and outrageous expectations*: (He describes necessary desires as ‘desires that we have out of instinct’ or ‘desires that we have need of to survive’). *Aristotle* gave “the concept of oligarchy” some negative connotations, but the term does not necessarily imply *wealth*. In short, “it” implies a form of *government* in which *all power* is vested in *a few persons* or in *a dominant class* or clique; *government by the prosperous few*—yet these *affluent “swine ‘on velvet”*” are nothing like the *First Nations folk* were... a peoples ruled by *wise sachems and brave chiefs* which hadst proved their worth as *orators in tribal parliaments and courageous actions*. So didst *our Celtic and Greco-Romanic ancestors* one hundred generations before.

Conversely, *plutocracy* (Greek: πλούτος, ploutos, ‘wealth’ + κράτος, kratos, ‘power’) is a “*fusion of money and government*” which is *an especially despotic sort of power* exercised by *a small and privileged group for corrupt or selfish purposes*. Our lives are today governed by the *aristocratic “Deep State” corporatocracy* (from corporate and Greek: -κρατία, romanized: -kratía, lit. ‘domination by’ a corpocracy)—*an economic and political system controlled by corporations or corporate interests*... and our world is ruled by a small group of “*corporate liberatards*” which *openly feign social concern* to garnish public support, but they *secretly despise us poor folk* because they are *liars and thieves* who have ‘twisted’ the ideals of *Adam Smith’s* view of *the role of private companies* to enrich themselves at the expense of the *superstitious and gullible dullards* who are foolish enough to believe in their *Ponzi schemes*... *blind dreamers* in pursuit of “*dopey pipe dreams*” and lagging behind a *pie-eyed Madoff piping the tunes they want to hear*.

“A scratch is nothing but the back-cueing that you hear in your ear before you push it out to the crowd.”

1970s hip hop pioneers

Socrates pointed out *that* “human choice is motivated by the desire for happiness.” But, when analyzing the immature and irresponsible attitudes of corporations and their customers in producing and consuming capital *a shadowy cabal of rich men* is exposed—whether it’s the *Illuminati*, the *Rothschilds*, the *Rockefellers*, *Bill Gates* or *George Soros*—to be manipulating world events.

As written of in “*The Law*” by *Frédéric Bastiat* (1850), the “common law” has been perverted and the *police powers* of the “State” have been perverted along with it—and *foolishness hath replaced “common sense.”* Yet, albeit far from perfect, neither the *constabulary* nor the *judiciary* is guilty of the evils they are meant to prevent and correct. Inasmuch as each of us has the *moral obligation* to stand up for what is right in defense of *our liberty and the property we possess*... this being the basic principle of “*collective right*.” These are the *three basic requirements of life*, and the preservation of any one of them is completely dependent upon the preservation of the other two. And *no person hath authority to lawfully use force against the person or liberty or property of any other person*. Thus, since an individual cannot lawfully use force against the person, liberty, or property of another individual, then the *common force*—for the same reason—*cannot lawfully be used to destroy the person, liberty, or property of any other individuals or group*. Since no individual acting separately can lawfully use force to destroy the rights of others, does it not logically follow *that* the same principle also applies to *the common force* that is nothing more than *the organized combination of the individual forces*?

Connoisseur of Chaos

George Soros, the Hungarian Jew who broke the **Bank of England** on “Black Wednesday” (16 September 1992), forcing the British government to pull the pound from the European **Exchange Rate Mechanism (ERM)** and pocketed \$1 billion on the deal, cementing his reputation as *the premier currency speculator in the world*... which had the deleterious effect of *spiking inflation in Britain*. The ERM was set up in March of 1979 to reduce *exchange rate variability* and stabilize *monetary policy* across Europe before introducing *a common currency* that would eventually be known as the “**Euro**.” Although it stood apart from European currencies, the *British pound* had shadowed the *German mark* in the period leading up to the 1990s, which *unfortunately* left Britain with *low interest rates and high inflation*. Britain entered the ERM with hopes of keeping its currency above 2.7 German marks to the pound. This was fundamentally unsound; mainly due to the fact that Britain’s inflation rate was many times that of Germany’s. Britain was thrown into a recession afterward, with many British citizens referring to the ERM as the “*Eternal Recession Machine*.”

Soros (age 89) is the *infamous billionaire founder of Open Society Foundations (OSF)*, which has used his money to influence *Reuters* into denying that *Soros* (age 17) began his rise to power as *an anti-Semite in Budapest*, during the fall of *Nazi Germany*, and claiming his *decades-long corruption* has been the *targeted victim of multiple conspiracy theories and gossip misinformation on social media*—shining a spotlight on *fake news* and even going so far as *to plant stories*, such as “he colluded with police to fake Floyd’s death” and that “he was linked to Cesar Sayoc”—*the Florida man obsessed with Trump, who mentioned Soros dozens of times on social media before mailing pipe bombs to newsrooms, top Democrats and even Soros himself*... in an attempt to distract inquiring minds from relevant issues such as *the tsunamigration crisis and the pandemic protests* of the callow *Gen Zers* (*the mid-to-late 1990s as starting birth years and the early 2010s as ending birth years*) involved in such rebellious movements as the *Black Lives Matter insurrection* and *riotous Antifa nihilism*.

Like many others, such as **Facebook** and **Google / Alphabet**, *Soros* has donated *billions of dollars* of his personal wealth to *democratic / liberal anti-authoritarian causes* around the world. He has funded *pro-abortion groups, pro-pedophile organizations* (NAMBLA), *anti-Israel efforts and radical environmental groups*... and is completely dedicated to *enriching himself at the expense of “us little people”* and the *complete evisceration of property rights*. Note: The possession of property is equated with the constitutional concept of “**freedom**” *inasmuch* as only wealthy elites are truly “free” viz. the **Vatican** and **Queen Elizabeth II**, for example.

A Slovenian website called **Nova24tv.si** expresses alarm over **Muslim migrants** coming into **Europe** from places like *Syria, Iran, Pakistan and Afghanistan*, and especially *Black African refugees* from “shitholes” like *Somali, Eritrea, Ethiopia, Nigeria and Liberia*—where *slavery, interminable warfare, disease and cannibalism* reign unabated . It questions where these *migrants are getting money* and focuses on *prepaid debit cards* that carry the **Mastercard** logo and have been given to migrants. The Nova24TV story says they are paid for by the **UN’s World Food Program**.

In fact, it’s clear from the “bombshell” source **News Punch** is citing that by time the *Soros-Mastercard agreement* was announced, the **UN Refugee Agency** prepaid debit cards had been around for *at least four years*. The *blue cards* carry the *logo of The UN Refugee Agency*. Moreover, the unelected **European Parliament** in **Brussels** is *directly financing the violence* that the **Islamic invasion** brings with it into European countries... with European taxpayers’ money... such as the “*rape game*” **Taharrush jama’i**. In conjunction with the **United Nations Summit on Refugees and Migrants**, **Open Society Foundations (OSF)**, the **United Nations High Commissioner for Refugees (UNHCR)**, and the *government of Canada* have announced *a joint initiative* aimed at *increasing private sponsorship of refugees*.

The same is true of *caravans of migrants* from “impoverished hellholes” like *Haiti, Venezuela, Columbia, Nicaragua* and *El Salvador* making their way toward the **U.S.-Mexico border**—which commenced in 2018.

Nearly two years ago, *Soros* and **Mastercard** announced “plans to explore creating *a social enterprise* to apply *commercial strategies* to deliver “*a positive impact on society*,” called **Humanity Ventures—a for-profit organization**.” The Nova24TV story says *that a Mastercard website was reporting* that 300,000 people in places like *Lebanon, Jordan, Iraq and Egypt* had received the cards by the end of 2013 and **Mastercard** “wanted to distribute 2.5 million such cards to be used in *Egypt, Iraq, Jordan, Lebanon and Turkey*” by the end of 2014. *Soros* spokesman **Michael Vachon, Chairman of the Soros Management Fund**, said in an email “the claim is false.”

The **European migrant crisis** is being *fueled by free cash handouts* from the **United Nations, European Union** and *George Soros’ Open Society Foundations*, including NYC Partners, the **Democracy Alliance**, and **Catalist, LLC**—a Washington, D.C.-based for-profit data firm that services both *left-of-center nonprofits* and *Democratic candidates and officeholders*, such as **Harold Ickes, former Deputy Chief of Staff to President Bill Clinton** and *a senior advisor to former Secretary of State Hillary Clinton’s political campaigns*: (He was charged with running the damage control effort against the **Whitewater** probe and the Clinton administration’s failed “**Hillarycare**” *government-run health care* initiative—Ickes was ignominiously fired just three days after President Clinton’s 1996 presidential re-election, as his role in *scandals* related to

:Darcy-John:Bouchard) de la Natio Méacutetis du famille Kanata ©
the use of “*soft money*” to pay *for thinly-veiled issue ads and fundraising practices* of Clinton’s re-election campaign).

The Democracy Alliance

The **Democracy Alliance** is a collective of *left-of-center “dark money” donors* that has been active, since 2004, in orchestrating “the activities of a permanent ‘left infrastructure’” viz. *Stalinist Communism* established upon *cultural Marxism* endorsed by *British-American Fabianists*: (*The Fabian strategy is a military strategy where pitched battles and frontal assaults are avoided in favor of wearing down an opponent through a war of attrition and indirection, i.e. “a divide and conquer misinformation strategy”*). It has faced *numerous criticisms* that focus on the *hypocrisy* of the organization **George Soros** and late Progressive Insurance chairman **Peter Lewis**, whom are the most notable Democracy Alliance donors, but the list of Democracy Alliance partners includes many of “*the biggest names in liberal politics*”: (The “Forbes 400 Richest Americans” list for 2012 ranked Lewis at #392, estimating his net worth as \$1.1 billion).

Some of the biggest donors on *the insurrectionist left* meet behind closed doors in their strongholds at **London, Washington and New York** to discuss funding the *burgeoning protest movement*—and, in secret, they *plot the direction taken by leaders of anti-socialists*, such as the *anti-police / anti-White BlackLivesMatter “reverse racist” terror movement* and their allies, such as the “*supremacist subculture*” of *loosely-organized hate-groups--namely Antifa*.. One such meeting took place at the annual winter gathering of the Democracy Alliance major liberal donor club and, *as expected*, it drew *Democratic financial heavyweights*, including **Tom Steyer** and **Paul Egerman**.

It’s a potential partnership that could elevate the Black Lives Matter group and heighten its *criminal impact on a defenseless society*. But it’s also fraught with tension on both sides. The various outfits that comprise the diffuse BlackLivesMatter organizers prize their *independence*. Some make a point of not asking for donations—let alone with such close ties to the Democratic Party establishment... like the Democracy Alliance; and some major liberal donors are leery about funding *a movement known for aggressive tactics*—particularly one that has shown *a willingness to train its fire on Democrats*, including presidential candidates **Hillary Clinton, Bernie Sanders** and **Joe Biden**.

The movement needs *cash to build a self-sustaining infrastructure*... but *tactics* such as *orchestrating domestic terrorism protests* over police killings of Black people, *hiring protesters and/or crisis actors, renting buses to transport the pinko mob*, and *shutting down freeways and disrupting rallies* can *alienate major donors*.

Some say *Soros* has people stash piles of bricks to be hurled into glass storefronts or at police, but **Open Society Foundations** told **Reuters** via email that the claims made toward *Soros* in these posts are “false” and “do a disservice to the very bedrock of our democracy, as enshrined in the **First Amendment**.”

The **Democracy Alliance** was created in 2005 by a handful of major donors, including billionaire financier **George Soros** and Taco Bell heir **Rob McKay** to build *a permanent infrastructure* to advance *liberal ideas and causes*. Donors are required to donate *at least \$200,000 a year* to *recommended groups* and their *combined donations* to those groups now total *more than \$500 million. Endorsed beneficiaries* include the **Center for American Progress think tank**, the *liberal attack dog Media Matters* and *the Democratic data firm Catalist*, though members *also* give heavily to *Democratic politicians and super PACs (independent expenditure-only political action committee)* which raise *unlimited sums of money* from *corporations, unions, associations and individuals* engaged in *unlimited political spending*, then spend unlimited sums to overtly advocate “for or against” political candidates that are not part of the DA’s core portfolio. While the Democracy Alliance last year voted to endorse a handful of groups focused on engaging *African-Americans* in politics—some of which have helped facilitate *the criminal BlackLivesMatter and Antifa terror movements*—the invitation to radical leaders is a first for the DA, and seems likely to test some members’ comfort zones.

RaHoWa

Before the *advent of the atomic bomb*, cities were most effectively destroyed through the use of *incendiary bombs* that caused *unnaturally fierce fires* in the enemy cities. The *punishing three-day British/American saturation bombing attack on Dresden* during the final months of **World War II: Dresden**, called the “*Florence of the Elbe*,” was regarded as *one the world’s most beautiful cities* for its architecture and museums—it was *neither important to German wartime production nor a major industrial center*. Dresden was so badly damaged that the city was basically leveled. Allied command reasoned that this incendiary bombing would ravage the German economy, break the morale of the German people and force an early surrender. The very same excuse they used to annihilate **Hiroshima** and **Nagasaki**.

Monuments and statues have been *knocked down and mutilated* in the course history when the *population changes*. In *ancient Egypt and Rome*, when there was *a change in dynasty*, the *new rulers knocked the noses off the old rulers*... and the **Catholic Church** *damaged countless illuminated manuscripts, works of fine art and sculptures*—hiding the sexual organs of both sexes behind *fig leaves, for example*.

Today’s “*haters*” are *running rampant* across our cities, *despoiling our heritage*, and complaining that it was “**White supremacy**” which caused *Napoléon* to blow the nose off *the great Sphinx at Giza*... but it was *actually Muhammad Sa’im al-Dahr, a Sufi Muslim* from *the khanqah of Sa’id al-Su’ada* which *defaced the prehistoric monument*, in AD 1378.

¹ **Antifa**, short for “*anti-fascist*,” is an amorphous movement whose adherents oppose people or groups they consider authoritarian or racist, often using aggressive tactics, according to the **Anti-Defamation League (ADL)**, which monitors extremists.

Who doesn’t remember the **Taliban** using *anti-aircraft guns* and *artillery to destroy two thousand-year-old sandstone Buddhist statues* that were firmly attached to a mountain, *the world’s largest free-standing Buddha*s, being carved into a cliff at **Bamiyan**, in central **Afghanistan**, in 2001... *smashing ancient antiquities* in **Iraq** or the *fiery destruction* of the **Temple of Baalshamin**, one of the best-preserved ruins at the Syrian site of Palmyra. **ISIL plundered** and *destroyed at least 28 historical religious buildings* between the *fall of Mosul* in June 2014 and February 2015. These **Muslims** claim that the *destruction of ancient sites* was *religiously motivated*, citing *idol worship* to justify their actions: But, as part of their *propaganda campaign* and *extreme interpretation of Islam*, they *also publicly executed Khaled al-Asaad*, a Syrian archaeologist who oversaw excavations at the ancient ruins of **Palmyra**). **Bulldozers** were used to topple the **Christian Mar Elia**n Monastery after the militants captured the Syrian town of *al-Qaryatain* (near Palmyra).

Many *other temples* and *Greco-Roman-era buildings* were plundered, such as **Dura-Europos** (on the Euphrates not far from Syria’s border with Iraq); **Bronze Age Mari**; the prominent silk road trading center of **Hatra** (Iraq), which was named *a UNESCO World Heritage site* in 1985; many of the *half-human, half-animal Assyrian guardian lamassus statues* on **Nineveh’s** ancient **Nirgal Gate**—the *looting at Mosul’s libraries and universities* began as soon as **ISIS** occupied the city—the terrorists rampaged through the **Mosul Museum**, *toppling statues* and *smashing others with hammers*; the *bulldozing parts of Nimrud* and *targeting Khorsabad*, the *demolition by explosives* of Mosul’s **Mosque of the Prophet Yunus** (Biblical Jonah) and the **Imam Dur Mausoleum**, a magnificent specimen of *medieval Islamic architecture and decoration*, not far from the city of Samarra.

Democracy Now!

Unlike **Rev. Martin Luther King, Jr.** and/or members of the **Black Panther Party**, **BlackLivesMatter** are *“trained Marxists”* and *“Black Identity Extremists”*: BLM isn’t about *police brutality* and *extrajudicial killing*... it is a **“Hate Group”**—*a grassroots terror organization* created to “focus on *the psychosis of Black and Latino communities* with deep historical ties to the long history of *anti-colonial, anti-imperialist, pro-communist* resistance to the *so-called Eurocentric patriarchal society* upon which civilization was established.”

Black Alliance for Just Immigration executive director **Opal Tometi**, **Patrisse Khan-Cullors**—*protégé of Eric Mann, former agitator of the Weather Underground domestic terror organization*, and **Alicia Garza** are motivated to target law enforcement officers—and pose a significant threat to national security anywhere they establish chapters. The three BLM *frondeurs* started their *“hate movement”* in 2013, after the death of **Trayvon Martin** (age 17)—a hoodlum.²

Janaya Khan—*a queer gender-nonconforming militant feminist* is the International Ambassador for the **Black Lives Matter Network** and a co-founder of **Black Lives Matter Toronto**. Khan believes that “the sole responsibility of the police is to manufacture criminals” and she believes “the police do not keep people safe.” They would rather have *“rapid response justice teams”* in the place of police. The BlackLivesMatter chapter in Toronto (Canada) recently won its fight to get cops permanently out of schools in the city: (The Toronto District School Board launched a School Resource Officer program in 2008, which brought police officers into schools).

ZeroFox, a cybersecurity firm, described BLM guerillas, the likes of **DeRay Mckesson** and **Johnetta Elzie**, as *“threat actors”* involved in *acts dangerous to human life* and *in violation of criminal laws*, the *intimidation* and *coercion of a propagated civilian population*, which is subjected to mass destruction—*a diabolical combination* in needed “continuous monitoring” to maintain public safety.

Garza, widely recognized as *the most influential of the three*, is inspired by **Assata Shakur**, a *radical feminist* and *Marxist revolutionary* who *escaped from prison* in 1979 while *serving a life sentence for the execution-style murder of a New Jersey State Trooper*. Shakur had she joined and left the **Black Panther Party** because *it was not violent enough*. She subsequently joined the **Black Liberation Army**—*domestic terrorists* responsible for *bombings* and *assassinations* throughout the 1970’s (which claimed the lives of 13 police officers). The *Black Liberation Army* was supported by the *Weather Underground* domestic, a group *responsible for bombings* targeting the United States Capitol and the Pentagon. In 1971, Shakur also joined the **Republic of New Afrika**, a group committed to establishing *a separatist Black-ruled country* within the states of Alabama, Georgia, Louisiana, Mississippi, and South Carolina: (Cf. the establishment of Pakistan upon the assassination of Mahatma Gandhi by Muslims and the call for the creation of Khalistan by the International Sikh Youth Federation, responsible for the 1985 Air India bombing over Lockerbie, Scotland... the worst terrorist attack in Canadian history). Shakur was given political asylum in **Communist Cuba** where she still remains to this day despite numerous attempts to extradite her.

George Floyd

George Floyd was a *sexually promiscuous* and had *a lengthy violent criminal history* with *arrests* and *incarcerations, serving time in jail and prison*—his arrest record beginning in 1997 and, most recently, in 2007, he was *charged for aggravated robbery with a deadly weapon*—but this fact is disputed by *“anti-Black violence agitators.”* No one thinks that he should have died in his arrest, but what is despicable are *omitting details about his past unlawful behavior* which are omitted and “white-washed” by **Reuters** and **Associated Press**—*liars pretending that this dangerous man lived a heroic lifestyle when he didn’t*. According to *postmortem toxicology screening*, he was *intoxicated with fentanyl* and had *recently used methamphetamines* (as well as other substances) *at the time of his fatal encounter with police*: (Floyd tested positive for 11 ng/mL of fentanyl—which is *a synthetic opiod pain reliever*—and 19 ng/mL of methamphetamine). While everyone’s *reaction to and tolerance for such drugs varies*, and the *effects of mixing drugs can be totally unpredictable*, lab technicians say *fentanyl slowly leaves users’ systems*, mostly *via* urination, over the course of three days from when they first used. For *methamphetamines*, which are *typically smoked or injected*, users feel an *instant euphoria*, and then *the tapering effects of the drug last anywhere from eight to 24 hours*. After that initial “rush,” the amount of meth reduces in their bloodstreams and tests for *the drug can be positive for up to five days*.

The justice system is not biased against minorities.

New Century Foundation, a *think tank* associated with **American Renaissance**, which was founded by *White nationalist hero* **Jared Taylor**, is a 501(c)(3) organization established in 1994 to study *immigration and race relations* so as to better understand *the problematic*

consequences of increasing diversity throughout North America. Perhaps the most important publication of New Century Foundation is **“The Color of Crime,”** New Century Foundation’s report on *differences in crime rates by race, bias in the justice system, and interracial crime*. First published as a monograph in 1999 and updated and expanded in 2005, the following data is based on the **2016 edition** of *“The Color of Crime.”*

The evidence suggests *that* if there is *police racial bias in arrests* it is *negligible*. *Victim and witness surveys* show that *police arrest violent criminals in close proportion to the rates at which criminals of different races commit violent crimes*. There are **dramatic race differences in crime rates**. Asians have the *lowest rates*, followed by **Whites**, and then **Hispanics**. **Blacks** have *notably high crime rates*. This pattern holds true for virtually all crime categories and for virtually all age groups. In 2013, a Black was six times more likely than a non-Black to commit murder, and 12 times more likely to murder someone of another race than to be murdered by someone of another race.

In 2013, of the *approximately* 660,000 *crimes of interracial violence* that involved Blacks and Whites, Blacks were the perpetrators 85% of the time. This meant *a Black person was 27 times more likely to attack a White person than vice versa. A Hispanic was eight times more likely to attack a White person than vice versa.*

In 2014 in **New York City**, *a Black was 31 times more likely than a White to be arrested for murder, and a Hispanic was 12.4 times more likely*. For the crime of **“shooting”**—defined as *firing a bullet that hits someone—a Black was 98.4 times more likely than a White to be arrested, and a Hispanic was 23.6 times more likely*. These statistics mean that if New York City were all White, the murder rate would drop by 91%, the robbery rate by 81%, and the shootings rate by 97%. In an all-White Chicago, murder would decline 90%, rape by 81%, and robbery by 9%

In 2015, *a Black person was 2.45 times more likely than a White person to be shot and killed by the police. A Hispanic person was 1.21 times more likely*. These figures are well within what would be expected given *race differences in crime rates* and likelihood to resist arrest. In 2015, *police killings of Blacks accounted for approximately 4% of homicides of Blacks. Police killings of unarmed Blacks accounted for approximately 0.6% of homicides of Blacks*. The overwhelming majority of Black homicide victims (93% from 1980 to 2008) were killed by Blacks.

American Black-on-White Crime Statistics

First, we find that during the **2012/2013** period, **Blacks** committed an average of 560,600 *violent crimes against Whites*, whereas **Whites** committed only 99,403 such *crimes against Blacks*. This means Blacks were the attackers in 84.9% of the *violent crimes* involving Blacks and Whites. This figure is consistent with other reports. Interestingly, we find that *violent interracial crime* involving **Blacks** and **Hispanics** occurs in almost exactly the same proportions as Black-on-White crime: Blacks are the attackers 82.5% of the time, while Hispanics are attackers only 17.5% of the time.

Some argue that what causes the overwhelming preponderance of Black-on-White over White-on-Black violence is *“chance of encounter,”* due to the fact *that* there are *five times as many Whites as Blacks in the American population*. However, there are only *about 30% more Hispanics than Blacks*, yet *Black-on-Hispanic violence* is *almost* as lopsided as *Black-on-White violence*. This suggests Blacks may be deliberately targeting both Whites and Hispanics.

Using figures for *the 2013 racial mix of the population*—62.2% White, 17.1% Hispanic, 13.2% Black—we can calculate the average likelihood of a person of each race attacking the other. A Black is 27 times more likely to attack a White and 8 times more likely to attack a Hispanic than the other way around—and a Hispanic is eight times more likely to attack a White than *vice versa*.

We can *also* calculate how often criminals of each group choose *victims of other races*. As indicated below, *when Whites commit violence they choose fellow Whites as victims* 82.4% of the time, *and almost never attack Blacks. Blacks attack Whites almost as often as they attack Blacks*, and *Hispanics attack Whites more often than they attack any other group, including their own*. There is much media agonizing over **Black-on-Black violence**, but these figures show *that* only 40.1% of the victims of Black violence are Black, while *people of other races* account for nearly 60% of the *victims of Black violence*.

The **Liberal agenda** contends *that* a common *Conservative narrative* indicates that the *disproportionate incarceration of Black people* is not the result of *systemic racism*, but rather of shortcomings within the Black community - because Black people, having *a natural criminal propensity* as a *“culture of violence”* and commit more crimes than White people.

Black people make up roughly **13% of the United States population**, and *White people make up 64%*. Black people make up **40% of the prison population**, and *White people 39%*. Therefore, even though there are roughly five times as many White people as Black people in America, Blacks and Whites are incarcerated in equal numbers... but the fact remains *that* Black people are incarcerated five times as frequently as White people.

Reverse racism wouldst have us believe *that*:

- If a Black person and a White person each commit a crime, the Black person is more likely to be arrested. This is due in part to the fact that ***Black people are more heavily policed***. Black people, more often than White people live in *dense urban areas* which are more heavily policed than *suburban or rural areas*. When people live in close proximity to one another, police can monitor more people more often. In more heavily policed areas, people committing crimes are caught more frequently.
- When ***Black people*** are arrested for a crime, they ***are convicted more often than White people*** arrested for the same crime—although *an arrest and charge does not always lead to a conviction*. A charge may be dismissed or a defendant may be declared not guilty at trial. Whether or not an arrestee is convicted is often determined by whether or not a defendant can afford *a reputable attorney*—as opposed to *a public defender*. The interaction of *poverty and trial outcomes* could help explain why, *for example*, while Black defendants represent about 35% of *drug arrests*, 46% of those convicted of *drug crimes* are Black. (This discrepancy could *also* be due to *a supposed racial bias* on the part of judges and jurors.)
- When Black people are convicted of a crime, they are more likely to be sentenced to incarceration compared to Whites convicted of the same crime.

When a person is convicted of a crime, a judge often has discretion in determining whether the defendant will be incarcerated or given a less severe punishment such as *probation, community service*, or *fines*. One study found that *in a particular region* Blacks were incarcerated for convicted *felony offenses* 51% of the time while Whites convicted of felonies were incarcerated 38% of the time. The same study *also* used *an empirical approach* to determine that race, not confounded with any other factor, was *a key determinant in judges’ decisions to incarcerate*.

It’s Time to call out Black Racism

Black racism hides behind alleged victimhood. Every act of *bigotry*, from *finger-pointing* and *name-calling to race riots to murder*, is justified by the claim that *every single White person is part of a conscious or unconscious conspiracy to discriminate* against them. This claim, embodied by the racist term **“White Privilege,”** is classic racism. White people are not responsible for the fact that *homicide is the number one*

cause of death for Black males. White people do not sit around *conspiring to deny Black people jobs*. If there is a job problem in the Black community in America today it is because of the anti-business policies of *a racist president and the worst economic recovery on record caused by the Black president before him*.

BlackLivesMatter activists are not *victims of racism*, they are *perpetrators of racism*. That is why *they reject the meme “All Lives Matter”* and insist that *only “Black Lives Matter.”* Every *victimhood* excuse made to defend *this racist disdain for other races* is a lie. The truth is plain—to *White-hating Black nationalists “only Black lives matter.”* BlackLivesMatter means *that non-Black lives don’t matter... and that is the root of its racist violence*.

The hardest truth *that* we have to deal with is the fact that much of **“Black victimhood”** is just *anti-white bigotry. Race hustlers* use *an exaggerated sense of racial vulnerability* to justify *racial aggression*. If White people having brunch are **“White supremacists”** because *White people are not people...* but **“White supremacy” incarnate**, then *White people are already dehumanized and can be and are attacked for almost anything*. And in the classrooms of our nation’s schools and colleges our children are being taught *that “to hate White people as oppressors and genocidal zealots is a politically correct idea.”*

Black cries of racism in the absence of actual White racism say more about *Black bigotry* than it does about *White bigotry*. The underlying problem is not White racism or even Black racism, but **Black racial insecurity**: Paranoia about the place of Black people and the intentions of White people is *an easy gateway to racism*.

Racial insecurity makes it easy for Black people to believe the worst about White people and to react collectively. It is why so many Black people and **insecure White liberals** are convinced that opposition to *Black supremacists is contempt for constitutional order*, which best exemplifies *communist determination to destroy our cultural heritage* while *delivering our sovereignty to our enemies*. It is why *a cop shooting a Black man will lead to protests and riots*, while *Black gang members shooting up neighborhood houses and killing innocents only leads to tearful funerals*. It’s *also* why **Black activism** remains relentlessly focused on *imaginary White problems* rather than on the pathologies that are ruining and ending lives in all Black communities.

The leftists’ claims *that racism is based on power* and *Blacks have no power*—absurd at its face value—for *Blacks have a lot of power* beginning with the *mainstream media and political hand-puppets* which are *tar-and-feathering the White folks who don’t bend knee and kowtow to Black supremacy. Racism is based on insecurity rather than power*.

Blacks are violent and racist

Despite making up just 13% of the population, *Blacks commit around half of homicides in America*. The **United States Department of Justice (DOJ)** statistics show that between 1980 and 2008, Blacks committed 52% of homicides, compared to 45% of homicides committed by Whites. More up to date **FBI statistics** tell a similar story: In 2013, Black criminals carried out 38% of murders, compared to 31.1% for Whites, again despite the fact that there are five times more White people in the U.S.

From 2011 to 2013, 38.5% of *people arrested for murder, manslaughter, rape, robbery, and aggravated assault* were Black. This figure is three times higher than the 13% Black population figure. When you account for the fact that *Black males* aged 15-34, who account for around 3% of the population, *are responsible for the vast majority of these crimes*, the figures are even more staggering.

Despite the fact that *Black people commit an equal or greater number of violent crimes than Whites, Whites are almost twice as likely to be killed by police officers*: According to data from the **Centers for Disease Control**, between 1999 and 2011, 2151 Whites died as a result of being shot by police compared to 1130 Blacks. Critics argue that Black people are overrepresented in these figures because they only represent 13% of the population, but they are underrepresented if you factor in *violent crime offenders*. In other words, you would expect the number of Blacks and Whites killed by police to be roughly equal given that they commit a roughly equal number of violent crimes, but that’s not the case... Whites are nearly 100% more likely to be victims.

And what is said about *Black on White violence* in general?

Despite Blacks being outnumbered by Whites five-to-one, Blacks *commit eight times more crimes against Whites than vice-versa*, according to **FBI statistics** from 2007. A Black male is 40 times as likely to assault a White person as the reverse. These figures *also* show that *interracial rape is almost exclusively a Black on White issue*.

“Even allowing for the existence of discrimination in the criminal justice system, the higher rates of crime among Black Americans cannot be denied. Every study of crime using official data shows Blacks to be overrepresented among persons arrested, convicted, and imprisoned for street crimes.”

James Q. Wilson and Richard Herrnstein, *“Crime and Human Nature”* (1985)

“All Lives Matter”

Do you have the feeling that *you’re living in an Orwellian science fiction film* or that you’re *part of an Kafkaesque novel?* Are you *frightened for your future and for your family...* wondering how to fight back!? Well *you’re not alone*. People everywhere are asking themselves the same questions and are preparing for whatever may be around the corner. Things are changing at a rapid fire pace and we must *be prepared to defend our faith, ourselves and our families*, and even *our country... and our cultural heritage*. Make no mistake about it—it’s *good versus evil...* right now... out there in plain sight. There’s *no middle ground. Atheist anarchists* are advancing and will not stop. As *good and decent folk* we find ourselves at a moment in history—a crossroads whereof we were deigned be born into... to *fight or die*.

We must *struggle not only for our faith and national identity*, but for our *traditional way of life*. We did not bring these *sad tidings* about—this *communist cancer* which gains more-and-more momentum daily... *spreading throughout the free world...* infecting *our families* and *our government*: municipally, provincially, and federally. A *social disease* more *deadly* than any *virus* which has been *introduced piecemeal into our homes*, our *workplaces* and the *schools* we send our children to... and even our *religious gathering places*.

“All Lives Matter” is commonly recognized as *a racist remark*. *Leftists* must stay up nights thinking of ways to *defame and attack, to intimidate* and to *bully* the rest of us with their *endlessly long lists of angry demands*. We little people just want to raise our families and be left alone by our ever-expanding draconian government. People like **Soros** and his *paid minions (Castro’s “Little Potato,” for example)*—and *hate-mongering organizations such as the ADL*—want to keep us all busy clawing one another’s throats while they snake in for the kill shot.

Those *malignant drop-knee fools* which *spit on our flags* (and at those who died for it), *pissing into the winds of change* and calling it *“freedom,”* should bow their lucky heads and thank God they live in a country that makes it possible for them to demonstrate and act like the spoiled ignoramuses they are—and, strothe, they are a deficit to humanity.

Grace & Peace,
Mutt Strawman—a “natural person”

² Although he had no criminal record when he was shot and killed on the rainy evening of 26 February 2012 (at Sanford, Florida), and despite him not being involved in any criminal activity, in the months and days before his shooting death Martin was getting into *fight*s, *getting high on marijuana—illegal at that time*, getting *suspended from school* and *talking with friends about a semi-automatic pistol*, according to his *cellphone text messages*: Some of the earliest text messages date back to early-November 2011. Nevertheless, **BLM** has *retroactively transformed him into an honour student* with a 3.7 GPA, a *devoted church member*, a *volunteer of over 600 service hours* and having *presidential aspirations*: A *prominent leftist strategy* of dehumanizing protest inadvertently perpetuating, rather than challenging racial hierarchies.
